MacLean, President, University of Manitoba, Jan 1918

January 18th, 1918

President MacLean,

University of Manitoba.

Dear President MacLean:

Many thanks for your letter with regard to Shipley which I have read to Principal Hutton. I am glad that you have sent Professor Laing's opinion. Of course if it is possible to get a man who can set Classics on a high plane we must try to get him, and I do not think that we are likely to take any action at once.

Fairclough was here about ten days ago and delivered a lecture on Perculaneum. He is anxious to get war work if he can.

I hope that you are all the better of your visit to Toronto. We certainly enjoyed it.

I am,

Yours sincerely,

President.
